

## Comfort and Productive

The swivels help to make the cabin more comfortable for work, play or dining. The tables fold and swivel for extra room and flexible space, and store conveniently during travel or if you just want more room to relax.

Enjoy a meal, work on a project, just sit back and relax and read a book or create an interesting Instagram or YouTube Video.

## Complete Galley Ready to Go

The Galley is designed to take advantage of the space and nature of an adventure van experience. You can cook anything you want on the induction burner, or just heat some water for Ramen. All of the cooking and dining element are included in the build and store conveniently in the overhead storage and in the cabinets and drawer in the galley cabinet. Coffee or tea. Martinis, wine or Non

## Funtrail One

## Key Features

FunTrail West Conversion System: Expertly designed modular system offering unparalleled flexibility to adapt your van for any adventure.

Fully Insulated Interior: Stay comfortable year-round with 3M Thinsulate insulation and vibration and noise reducing Kilmat. A MaxxAir 7500K fan provides excellent ventilation.

Advanced Electrical System: A comprehensive 12V wiring system powers the numerous LED lights throughout, and USB and 12V outlets. A 3000 watt inverter powers the 120V appliances and outlets. The 400 Amp Hour Lithium Ion battery, the 400 Watts of solar combined with AC and DC charging will provide you with the power to stay out there!

Comfortable Interior Features: Driver and passenger seats swivel and the bamboo tables and the Lagun mounts provide a place to work or eat. Enjoy the versatile bed platform with a comfortable mattress, lightweight overhead soft storage bags, and a sleek, durable interior finish that's easy to maintain.

The galley is the perfect combination of function and design with a built in sink, bamboo top and lots of storage below for the portable induction stove.

The 75L 12V refrigerator/freezer also serves as an additional bench to sit on.

The 120V water heater delivers hot water for washing dishes and for an outdoor shower.

A Porta Potti is discreetly and conveniently hidden in a cabinet that serves as a step for the bed.
